PROFILE

Experienced **Frontend Web Developer** driven by a passion for creating immersive and intuitive online experiences. With a solid foundation in HTML, CSS, and JavaScript, and a touch of React magic, I specialize in bringing visions to life through clean and efficient code. Proficient in handling both individual and team-oriented projects, with a specialized focus on crafting compelling landing pages and developing websites.

WORK EXPERIENCE

Operation Team Lead

Gooday Online Digital Advertising | Feb 2021 to Jul 2023

- Successfully utilize CRM software tools, including Trello and Jira, to streamline and enhance project management processes.
- Facilitate effective communication and collaboration among cross-functional teams to ensure seamless workflow and project progression.
- Act as a liaison between clients and internal teams, ensuring client expectations are understood and met.
- Trained and mentored team members on best practices, resulting in improved performance and increased employee satisfaction.
- Engaged in the development of an office backend tool designed to manage team operations, utilizing a front-end framework (Vue.js).

Junior Web Developer

Addis Ababa University | May 2019 to July 2019

- Cooperate with designers to create clean interfaces and simple, intuitive interactions and experiences.
- Develop project concepts and maintain optimal workflow.
- Work with senior developers to manage large, complex design projects for corporate clients
